COVID-19 Travel Policy

Based on the current state of the COVID-19 pandemic and in an effort to minimize the risk and exposure to County Employees and the public at large, travel by County Employees outside of St. Clair County, Alabama is suspended until further notice unless said travel is pre-approved by the employee's department head and is essential for County related business or is directly related to preparation / response to the COVID-19 pandemic.

Employees are asked to notify their department head of any personal out-of-state travel being conducted at this time. For the safety of all County employees, any employee who travels outside of the country will be asked to provide a doctor's recommendation allowing the employee to return to work at the time of the employee's intended return to work. The same may be required of an employee traveling outside of the State at the discretion of the employee's applicable Department Head.

Paul Manning
Chairman of the St. Clair County Commission
